Basalt Middle School  
51 School Street  
Basalt, CO 81621

Dear Basalt Middle School:

On behalf of the Colorado General Assembly, I would like to extend my sincere congratulations to you all for earning an 'A' rating from Colorado School Grades. This is an *exceptional* achievement because not only do a mere 10 percent of Colorado's schools receive this grade, but also because such an illustrious commendation truly demonstrates what educators on the Western Slope are capable of. In recognition of your continued dedication to your school and its surrounding community, I would also like to thank you all for the excellent work you do. I am truly proud to represent schools of such aptitude.

That being said, I am extremely excited about your success and would like to wish your faculty, staff and most importantly, your students the best of luck in all of your future educational endeavors.

Sincerely,

Millie Hamner  
State Representative  
House District 61
